Presents:

EDUCATIONAL INEQUALITY: A NEW YORK STATE REGENT'S VIEW

WITH FEATURED SPEAKER: REGENT JUDITH JOHNSON

DATE: TUESDAY, OCTOBER 20

TIME: 7:00 - 9:00 P.M.

**PLACE: THE ETHICAL SOCIETY OF WESTCHESTER
7 SAXON WOODS RD.
WHITE PLAINS, NY 10605**

For all the public concern about testing, teacher evaluations and curriculum in regards to New York public schools, a larger issue is often forgotten---educational inequality.

Regent Johnson will discuss the characteristics that define public schools. She will share the implications for our democracy if these characteristics are left unaddressed, and she will invite us to consider strategies to fulfill the state's mission to provide public schools that offer all students the opportunity to be prepared to participate as members of a democratic society.

Vernon United Tenants; Scarsdale Democratic Town Committee; White Plains Democratic City Committee; White Plains NAACP
